

THE FOUNDATION

DAMOUR MULTI SERVICE, LLC • CORPORATE OVERVIEW

Damour Multi Service, LLC was not built to simply remodel spaces; it was engineered to forge environments. Founded on the unshakeable principles of the 101 Frequency, this enterprise operates entirely outside the realm of the ordinary. We do not guess; we measure. We do not hope; we execute.

THE BLUEPRINT

In an industry filled with 99% noise, DMS 101 stands as the absolute standard of structural integrity. Our blueprint is simple: radical authenticity paired with unmatched operational discipline. Whether it is a complex structural tear-down or a high-end interior finish, our process is dictated by unyielding precision and an absolute refusal to cut corners.

OPERATIONAL SUPREMACY

Every job site we command is overseen with the strict safety protocols of an **OSHA 30-certified Mechanical Foreman** and the exact mathematical precision of a field-tested **Survey Technician**. This dual-threat capability guarantees that safety, leadership, and exactness are baked into the concrete of every single project.

THE 101 FREQUENCY

To operate at the 101 Frequency means to eliminate distractions and focus entirely on the mission. It is a mindset of resilience, forged in the fires of life and applied directly to the physical world. When we pour a foundation, frame a structure, or execute a remodel, we are permanently stamping our operational standard onto the earth.

THE LEGACY

Everything we build serves a higher purpose. We are not just constructing buildings; we are laying the groundwork for the generations that follow. Every nail driven, every measurement verified, and every contract fulfilled is dedicated to building the **Kingdom of Seven**. This is the unshakeable drive that fuels the engine of Damour Multi Service, LLC.

1 Corinthians 3:10 – "By the grace God has given me, I laid a foundation as a wise builder, and someone else is building on it. But each one should build with care."

MY GOD IS THE GREATEST POWER.
